

Wolf Corporation presents the original purchaser of this mattress a limited warranty for five years against any defect in workmanship or material, excluding the cover. This warranty begins the day the mattress is purchased. If your mattress is repaired, replaced, or modified the warranty will not be renewed or extended.

In the event that a problem arises from a defect during the warranty period, your sleep set will be repaired or replaced (at Wolf's option) without charge, except for transportation to and from Wolf's factory location. The original starting date remains the starting date of your warranty.

Congratulations on the purchase of your new mattress. You can rest assured that the mattress you have chosen will provide years of sleeping comfort. In order to prolong the life of your mattress there are a few things you should do.

1. Rotate the mattress 180 degrees every two weeks for the first three months. This helps the upholstery layers conform to your body.

In the event your mattress needs service, please be advised Wolf Corporation reserves the right to refuse serviced when the product is found to be stained, soiled, or in an unsanitary condition, or when the failure is due to causes other than failure in workmanship or defect of material (excluding the cover). This would include failure due to an improper foundation for the mattress. Please note that it is improper to use this mattress on an uneven surface or a surface where there are gaps between the slats of more than 5", doing so will void the warranty. A mattress is best used with a platform bed or traditional foundation or boxspring.

This warranty is void if the product has been subjected to obvious abuse. A stained or soiled cover also voids the warranty. A King or Queen Size mattress must be supported by a frame that has at least 5 legs (one for each corner and a fifth to support the center). Failure to use proper frame voids the warranty.

This warranty does not cover:

1. Body impressions that are less than 3"
2. Mattress sold "as is"
3. Bed Height
4. Comfort Preference

All repairs and replacements made under the terms and conditions of this warranty will be made under the current retail price of the item at the time of the repair or replacement.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

NOTE: If the law tag is removed from the mattress the warranty is void.

Please contact Wolf Corporation for Warranty Support.
